Office of **International Relations (OIR)**

Office of International Relations (OIR) at Chandigarh University paves way for your overseas dreams and help you to receive an education that goes long way in your holistic development. The academic experience abroad and life-changing experience give an edge to the students.

Our Advantages

- ✓ Cost friendly way to study abroad
- ✓ No consultants involved
- ✓ Upto 100% scholarships available
- ✓ Opportunity to settle abroad
- ✓ Increase your appeal to the future employees

EXPERIENCE GLOBAL LEARNING ADVANTAGE

360+

Tie-ups with Top Ranked Foreign Universities in 76 Countries

1300+

Students have undertaken several study abroad programs

221

Internships in Walt Disney, USA (Highest in the Region)

Chandigarh University has a global outlook and this is reflected in everything we do. We attract world-class academicians who have wide-ranging influence and are luminaries in their fields. We have links with over 312 foreign universities worldwide. All this means that with us you will graduate with a truly global perspective – something highly valued by the employers.

Numerous Pathways To Fulfill Your International Dreams:

INTERNATIONAL SUMMER/ WINTER PROGRAMS -

Short duration programs of 2-4 weeks are perfect way for students to balance their desire for international exposure with the academic life.

SEMESTER ABROAD/ EXCHANGE PROGRAMS -

An opportunity to complete your semester abroad which further add to your international experience and let you grow your network both on personal & professional level.

INTERNATIONAL INTERNSHIPS -

An opportunity to gain work experience abroad by undertaking an internship in a foreign country.

HIGHER EDUCATION PROGRAMS -

An opportunity to visit international universities for certificate/ diploma programs or to pursue master's degree in decided field.

GLOBAL IMMERSION PROGRAMS -

An opportunity to be professionally attached to multinational companies and start-ups. It aims to provide CU students the experience of studying and working abroad.

& many more...

International Transfer Program

This is an opportunity which allows a student to complete an initial part of the degree (1 or 2 years) at Chandigarh University and transfer to Foreign Country and get a complete degree from foreign University.

TRANSITION - ITP

BENEFITS

- Foreign Tuition fee is reduced to upto 50% as the initial part of course is done at Chandigarh. Also, scholarship possibilities.
- Some Universities have relaxed the entry criteria (IELTS/GRE/GMAT waived off) for students who opt for ITP.
- Part-time work allowed up to 20hr/week.
- Working visa rights abroad after graduation of 1-3 years.
- High visa success rate.

How it Works?

Step 1

Start your degree at CU, Chandigarh

Step 2

Complete 1 or 2 years of Your selected course at CU

Step 3

Continue your studies at the Host University & complete remaining credit hours

Step 4

Graduate with a Degree from the Host University

Step 5

Apply for Post graduation work permit

NORTH AMERICA

CANADA / USA

Canada

PRE-REQUISITES

- 1.5 years at CU with minimum overall of 6.5 CGPA
- Language proficiency assessed by CU

“

Being an opportunist and a dreamer, I enrolled myself into a Summer program in the USA provided by the International Relations Office. To my surprise I was one of the only two who got the visa and before I knew it, I was flying across continents to spend his summer in the land of opportunities. This trip was the turning point in my life as I explored, learned and aspired. After returning, I applied for a dual degree program to UNA for which I received an Academic scholarship of \$3000/year and full housing scholarship. During my application, I interned with the OIA and based on my good performance, I got a paid part time job in the InternationalAffair Office at UNA, USA.

”

RAMANJEET SINGH

Bachelor of Engineering - Aerospace Engineering, University of North Alabama, USA

“

The most amazing thing about my time abroad is the incredible impact pushing past my comfort zone had on not only my personality, but my perception of the world and it's different cultures. I find myself understanding more about different cultures and people, and as a result have become more knowledgeable and understanding of people and their backgrounds. UNA also made my quest to find placement easier!

”

MONA SINGH

Master of Business Administration - University of North Alabama, USA

“

Credit transfer was the best program according to me and I had planned to apply for it since the very beginning. In my 2nd year Covid-19 hit and I thought I had lost my one and only chance to go to the USA. But OIA reassured me and did my application nonetheless. Because of them, I have now received my visa for the program. For the time being, the program is taught online. I will be traveling soon for my course.

”

NAVDEEP SINGH

Bachelor of Engineering - Civil Engineering, Arkansas State University, USA

“

Every International story at CU is a success story but some just go beyond imagination. Same is the story of a small town girl, Sanya Choudhury (B.COM), who went for a 2+2 program to Okanagan College Canada in September of 2019. One year of intense smart work at Okanagan and Sanya has now been elected as a member of the Board of Governor Okanagan College.

SANYA CHOUDHURY

Bachelor of Commerce, Okanagan College, Canada

“

At CU, I finally was in sync with life. I got the chance to go for the Walt Disney Internship Program which is a 3 month program in Walt Disney, Florida, US. In my fourth semester, I applied to a 2+2 program at Okanagan College Canada. But the pandemic hit hard and I thought I would miss the best chance of my life. But OIR didn't give up. I have successfully got my AIP from the Canadian High Commission and have started my classes online.

”

NIKHIL GUPTA

Bachelor of Business Administration, Okanagan College, Canada

”

“

Just when OIR brought BCA under articulation and I became the 1st applicant, COVID-19 hit hard. But I didn't give up when everybody did. My patience and hope ended up with me hitting a jackpot. I successfully received his offer letter and Canada study Visa for 2+2 at Okanagan College, all during this pandemic!

BALJIT SINGH

Bachelor of Computer Applications, Okanagan College, Canada

”

“

The course at RMIT is of good quality and high standards with more focus on industry oriented learning. Transferring my degree from Chandigarh University to RMIT University is a beneficial decision as I will gain a degree from a university whose rank is 238 in QS World Rank 2020, I will get the opportunity to find employment after graduating!

”

ANURAG JINDAL

Bachelor of Engineering - Aerospace Engineering, RMIT University, Australia

“

It is an absolute honour and privilege to have received an Scholarship of AUD \$15,000 for an articulation program from the University of Newcastle, Australia. It came as quite a pleasant surprise as I applied for the scholarship with the support and encouragement of the Office of International Affairs at CU but didn't trust myself to win it. I believe that it will benefit me in my future endeavours, specifically with employers after graduation. Additionally, I will carry the honour of being the recipient of such an esteemed scholarship from UoN for many years to come.

”

HARSHIT BANSAL

Bachelor of Engineering - Computer Science & Engineering, University of NewCastle, Australia
